PRAYER LETTER

## LA FE IGLESIA BAUTISTA

### MOVING AHEAD

These past few months have been great, even though a couple of weeks in December the attendance was low, with people sick or out of town.

New people have been coming and many are returning. It's very exciting to see that it is the Word of God that is bringing them back.

It is also very exciting to see whole families coming to church together. We've seen that it starts with one member of the family and then they bring the whole family!

More people are being discipled and that is always good news to us! They seem to be interested in much more than just merely attending and having a good time on Sunday! They are willing to take a little out of their time and use it to learn more and more about God, and start building a daily walk with Him.

7 more were Baptized,  
7 more new members  
for LA FE Baptist  
Church!

### MORE GOOD NEWS

It was just an incredible Sunday! After learning about Baptism during their personal discipleships, 7 people decided to obey God and be biblically Baptized. Some of them were couples. Everyone that got baptized invited their family and most of them stayed not only for the Baptisms but through out the whole service. It was one of those awesome Sundays!!

We have also noticed that just as Jesus went through a hard time (temptation) right after he was Baptized, these new members of the Church have been going through some hard times. Some with sickness, personal problems, family problems, etc. Please pray for them so they can keep going forward no matter what comes. We know the devil is not happy and he will do his best to discourage them. So we want to do our best and pray for them and let God will do the rest!!

## NEW FAMILY!
